ABOUT ME

Self-driven Video Editor turned UX designer ready to use my analytical and creative mindset to solve problems and enhance user experiences. Starting my own business has allowed me to understand how users perceive information and empathize with customers through visual designs. I strive to always better myself and deliver high quality material on time.

EDUCATION

2019 | UX Immersion

CareerFoundry

- Focus on data-driven UX methodology with a comprehensive, hands-on training ranging from user research and user flows to wireframing, prototyping & creating mockups
